

Appl. No. 10/651,627
Amend. Dated November 30, 2005
Amendment After Issue at Request of Examining Attorney

Remarks

By telephone conference with one of Applicant's in-house attorneys of record, Mr. M. Scott Carey, the Examiner requested that Applicant move the figure embedded within page 42 to an independent FIG in the drawings section. As requested, with this Amendment, the figure on page 42 has been deleted from page 42 of the specification and moved to the drawings section. No new subject matter has been added by these amendments. The present Amendment is being presented after Notice of Allowance and after payment of Issue Fee at the request of the Patent Examiner and to facilitate publication and issuance of the present application as an issued patent by the Patent Office.

It is believed that no fees are due with the present amendment, and it is believed that the present amendment can be entered without withdrawing the present application from issue.

Applicant respectfully requests an early and favorable consideration and acceptance of the present amendment and new figure and issuance of the present application. The Examiner is encouraged to contact the undersigned, if necessary, to expedite prosecution of this application.

This communication is responsive to Examiner's phone call after allowance and due without fees. Please charge any fees that might be due or credit any overpayment to our Deposit Account No. 50-3537.

Respectfully submitted,
